Ms. Marlene H. Dortch
Secretary
Federal Communications Commission
445 12th Street, S.W.
Washington, D.C. 20554

Re: In the Matter of Development of Nationwide broadband Data to evaluate reasonable and timely deployment of advanced services to all Americans, WC-07-38.

Dear Ms. Dortch:

On February 19, 2008, James Stegeman and I spoke with Dana Shaffer, Randy Clarke, Jake Jennings, Kirk Burgee, Rodger Woock, Kenneth Lynch, and Ellen Burton. The purpose of this meeting was to discuss broadband mapping and cost analysis.

CostQuest Associates proposes the use of a granular geographic basis for mapping and deployment cost analysis as part of any broadband mapping effort and to assist with facilitating broadband and mobile ubiquity.

CostQuest presented and left documents related to this discussion. Those documents are attached hereto.

Please feel free to contact me if you have questions.

Sincerely,

Mike Wilson
CostQuest Associates
